The new place is a 2,200 square foot space that is incredibly bright and inviting upon walking in. It features extremely modern work stations and decor which makes it especially unique as all the stations are mobile. The space also features a 600 square foot outdoor terrace, where guests and stylists can go relax surrounded by bamboo trees, giving it a feel that is entirely removed from the city chaos.

Owned by head stylist Thomas Heinz, Heinz has an impressive resume, working with several iconic designers, models, celebrities, and major beauty companies. He is one of the top hair colorists in the industry, and he brings his wealth of knowledge to the downtown area.

DOWNTOWN had the opportunity to check out the new salon and receive a couple of their services at their welcoming party. Each member of the team were extremely friendly and welcoming upon entering the salon. I was fortunate enough to get my hair styled and trimmed by Vanessa, which came out fantastic!

But the pampering did not stop there, as I was treated to a manicure from Bethany Newell, a manicurist with A-List clientele who is offering her exclusive services at the salon. The manicure included a massage, a hot stone massage, and of course, some fabulous looking nails!

The salon is absolutely beautiful, and each member of the team takes pride in the work they do for their clients. Everyone was fantastic, and DOWNTOWN highly recommends that if you are in the downtown area looking for high-end luxury beauty services, look no further than the Thomas Heinz salon!
